## Brewers Hill Beauty

Spacious, contemporary row home in the heart of Brewers Hill! This smart home features all Nest Home technology, including front and rear cameras, thermostat, and fire/carbon monoxide detector. Open floor plan features hardwood flooring throughout. Living room has in-ceiling surround sound and all new crown molding. Kitchen features stainless steel appliances, granite countertops, and a new, custom pantry for additional storage. Updated entryway boasts brand new tile, new front door and new front/rear storm doors. Marble steps and sidewalk redone in Fall of 2019. New recessed LED lighting and fresh paint throughout. Fully finished basement with extra living space or bedroom potential. Back patio is great for entertaining or can easily be converted into a parking pad. This home has easy access to I95 and 895, and is walking distance to breweries, restaurants, Canton Crossing, and much more!
